Reader’s Guide xi

Executive Summary xiii

Chapter 1: Introduction

Background 1

Purpose and Need 1

Planning Area 2

National Greater Sage Grouse Planning 9

 Greater Sage-grouse Conservation Objectives 12

 Conservation Buffers for Greater Sage-Grouse 12

Collaboration 13

 Cooperating Agencies 13

 Resource Advisory Council (RAC) 14

Planning Process 14

Scoping and Planning Issues 16

 Issues Addressed 17

 Issues Considered but Not Further Analyzed 18

Planning Criteria 18

 Relationship to BLM Policies, Plans, and Programs 20

Related Plans 22

Policy 27

Vision and Management Goals 28

Draft Resource Management Plan 33

Proposed Resource Management Plan and Final Environmental Impact Statement 33

Chapter 2: Alternatives

Introduction 35

 Development of the Alternatives 35

 Key Components of the Alternative 36

Mitigation 36

 Guidelines, Best Management Practices, and Required Design Features..... 37

 Mitigation Measures and Conservation Actions for Surface-Disturbing and Disruptive Activities 38

 Greater Sage-Grouse Habitat Management 40

 Overview of the Alternatives 60

Alternatives Considered in Detail 61

 Management Actions Common to All Alternatives 61

 Management Actions Common to Alternatives B, C, and the Proposed Action (Alternative D)..... 66

 Alternative A (Current Management) 69

 Alternative B 71

 Alternative C 73

 Alternative D (Proposed Plan) 75

Alternatives Considered but Not Carried Forward for Detailed Analysis 79

Summary Comparison Tables..... 83

Summary of Restrictions (Table 2-5) 83

Summary Comparison of Alternatives (Table 2-6) 83

Summary Comparison of Impacts (Table 2-7) 219

Chapter 3: Affected Environment

Natural, Biological, and Cultural Resources

Air Resources	373
Climate	383
Geology	392
Soil Resources	393
Water Resources	398
Vegetative Communities – Rangeland, Riparian, Forest and Woodlands	409
Noxious Weeds and Other Invasive Non-Native Species (Plant and Animal)	414
Wildlife	418
Special Status Species	427
Fish and Aquatics	448
Cultural Resources	450
Paleontological Resources	467
Visual Resources	472
Fire Management and Ecology	473
Wilderness Characteristics	483
Cave and Karst Resources	483
Wild Horses and Burros	484

Resource Uses

Forest and Woodland Products	484
Livestock Grazing	485
Recreation	489
Lands and Realty	491
Minerals	499
Renewable Energy Resources	515

Special Designations

Areas of Critical Environmental Concern	518
National Back Country Byways	519
National Recreation Areas	519
National Historic Trails	519
National Recreation Trails	520
Wild and Scenic Rivers	520
Wilderness Areas	521
Wilderness Study Areas	521

Support

Interpretation and Education	521
------------------------------------	-----

Transportation and Facilities

Transportation	523
Facilities	526

Social and Economic

Social Conditions 530
Economics 541

Public Safety

Abandoned Mine Lands 549
Debris Flows 549
Hazardous Materials 550

Chapter 4: Environmental Consequences

Introduction

Introduction 553
General Assumptions 554
Types of Effects 555
How the Summaries of Acres Apply (GIS analysis) 556
Critical Elements 556

Reasonably Foreseeable Development Scenarios

Uranium Potential 557
Gold Potential 559
Cement Grade Limestone Potential 560
Bentonite Mining 560
Other Locatable Minerals 561
Rare Earth Elements 561
Oil and Gas 561
Other Potential Future Oil and Gas Activities 568
Wind Energy Potential Development 571

Impacts to Resources from the Alternatives

Air Resources 575
Climate Change 590
Soil Resources 598
Water Resources 625
Vegetative Communities – Rangeland, Riparian and Wetlands, Forests and Woodlands 651
Noxious Weeds and Other Invasive Species 670
Wildlife 686
Special Status Species 725
Fish and Aquatics 812
Cultural Resources 818
Paleontological Resources 831
Visual Resources 841
Fire Management and Ecology 849

Impacts to Resource Uses from the Alternatives

Forest and Woodland Products 856
Livestock Grazing 859
Recreation 880

Travel Management	890
Lands and Realty	900
Land Use Authorizations	900
Withdrawals	907
Land Tenure Adjustment	908
Minerals	912
Leasable Minerals	912
Locatable Minerals	933
Salable Minerals	937
Renewable Energy (Wind and Solar)	942
 Special Designations	
Areas of Critical Environmental Concern	951
Fort Meade ACEC	954
Fossil Cycad ACEC	960
Greater Sage-Grouse Protection Priority Areas ACEC	961
National Back Country Byways	962
National Recreation Trails	962
Wilderness	963
Wild and Scenic Rivers	963
 Support	
Facilities	964
 Social and Economic	
Social	966
Tribal Issues – Tribal Treaty Rights	967
Environmental Justice	967
Economic	971
 Public Safety	
Abandoned Mine Lands	982
Debris Flows	982
Hazardous Materials	983
Unavoidable Adverse Impacts	984
Short-Term Uses versus Long-Term Productivity	985
Irreversible and Irretrievable Commitment of Resources	986
 Chapter 5: Consultation and Coordination	
Introduction	989
Public Participation Opportunities	989
Scoping	989
Consultation and Coordination	997
Plan Distribution	1002
List of Preparers	1005

Core Team	1005
Interdisciplinary Team and Support	1006
Management Team	1006
Contractor Assistance	1006

Bibliography	1007
---------------------------	------

Glossary	1035
-----------------------	------

Index	1062
--------------------	------

Appendices Numbered Individually

A	Standards for Rangeland Health and Guidelines for Livestock Grazing Management
B	Summary of Best Management Practices (BMPs), Mitigation Guidelines and Standard Operating Procedures (SOPs)
C	South Dakota Field Office Mitigation Guidelines
D	South Dakota Field Office Reclamation Guidelines
E	Oil and Gas Stipulations and Supplementary Information
F	Visual Resource Management Classes and Acres by Alternative of Inventoried Values
G	South Dakota Field Office Grazing Allotment Allocations
H	Grazing Allotment Categorization
I	Land Ownership Adjustment Criteria
J	Common Riparian Plant Species on BLM-Administered Lands in the SDFO RMP Planning Area
K	Screening Criteria Checklist For South Dakota Field Office Ten Year Grazing Permit or Lease Renewals or Transfers
L	Recreation Setting Characteristics Class Rating Method
M	Recreation Setting Characteristics Matrix Classes
N	Soil Monitoring
O	Current Facilities at the Fort Meade Recreation Area ACEC and Exemption Area (does not include range improvements)
P	Cultural Resources Lease Stipulations for Grazing Leases
Q	Range Improvement Summary List for South Dakota Field Office
R	Rights-of-Way and Renewable Energy Avoidance or Exclusion Areas by Alternative
S	Air Resource Management Plan: <i>Adaptive Management Strategy for Oil and Gas Resources</i> and South Dakota Field Office Emission Summaries for Alternatives A, B, C, and D
T	Areas of Critical Environmental Concern Nominations and Evaluation of Relevance and Importance Criteria
U	Wild and Scenic River Evaluation
V-1	Greater-Sage Grouse Required Design Features
V-2	The Greater Sage-Grouse Monitoring Framework
V-3	Applying Sage-Grouse Lek Buffer-Distances When Approving Actions
V-4	Greater Sage-Grouse (GRSG) Disturbance Caps
V-5	GRSG Regional Mitigation Strategy
V-6	Greater Sage-Grouse Effects Analysis Process
W	Public Comments and Responses to Draft SD RMP/EIS

Figures

Chapter 1 Figures

1-1	PHMA and GHMA for the Proposed Plan	11
1-2	BLM USFS GRSG Planning Strategy Subregion/EIS Boundaries	13

Chapter 2 Figures

2-1	Areas of Critical Environmental Concern	62
2-2	Firearm Shooting Restrictions and ROW Utility Corridors in the Fort Meade ACEC	66
2-3	Exemption Area: Proposed Travel Management and Special Recreation Management Area Boundaries under Alternatives B, C, and D (Proposed Action)	69
2-4	Black Hills Army Depot and Igloo Townsite: Proposed Management Area for Oil and Gas Federal Minerals under Alternative D (Proposed Action)	79

Chapter 3 Figures

3-1	Wind Rose for Rapid City, South Dakota (2001-2010)	374
3-2	Ambient Air Quality Concentrations in the South Dakota Planning Area (2009-2011)	376
3-3	Class I Air Quality Areas	381
3-4	Visibility Trends on Hazeiest and Clearest Visibility Days (2005-2009)	382
3-5	South Dakota Average Daily Temperature (1971-2000)	384
3-6	South Dakota Average Annual Precipitation (1971 through 2000)	384
3-7	Long-Term Historical Temperature and Precipitation Trends	388
3-8	Near-Term Predicted Temperature Increases	389
3-9	Examples of Resource Impacts Due to Climate Change	390
3-10	Planning Area Showing Counties and Their Associated MLRA Designations	395
3-11	Flow Chart for Determining Archaeological Site Use Classification	464
3-12	Example of Applying VRM Considerations	472
3-13	Reasonably Foreseeable Development (RFD) Study Area Showing Basins and Uplifts (shaded gradational boundaries)	501
3-14	Stratigraphic Chart of the South Dakota Study Area with Oil- and Gas-Bearing Zones Indicated	502
3-15	Potential for Occurrence of Oil and Gas within the South Dakota Study Area, 2010 through 2029 (Final - October 7, 2009)	505
3-16	Leased and Unleased Federal Minerals in Parts of the Western South Dakota RFD Study Area	507
3-17	RFD Study Area (SDFO) within the Mapped Areas of Known Coal-Bearing Strata (Final - October 7, 2009)	509
3-18	Example of Temperature-Depth Profiles for Williston Basin and Kennedy Basin	511
3-19	Uranium Resources in South Dakota	513
3-20	SDFO Two Rivers Area (Portions of Meade and Pennington Counties)	527
3-21	Northern Stanley County	528
3-22	Southern Hills Public Land (Portions of Fall River and Custer Counties)	529

Chapter 4 Figures

4-1	Oil and Gas (excluding coalbed natural gas) Development Potential in the RFD Study Area, 2010 through 2029	564
4-2	South Dakota Wind Energy Potential and Existing Transmission Lines	571
4-3	Criteria and Hazardous Air Pollutant Emissions from BLM Sources in the Planning Area	576
4-4	Example of Extent of Area Exceeding the PM ₁₀ 24-hour PSD Increments during Construction	579
4-5	GHG Emissions in Terms of CO ₂ e (mtpy) for Each Alternative	593
4-6	Boundaries of the WAFWE Management Zones	773

Chapter 1 Tables

1-1 BLM-Administered Public Land and Federal Mineral Estate Ownership in the Planning Area 3
 1-2 Nine-Step Planning Process 16
 1-3 Summary of Plans Guiding Management Directions 21

Chapter 2 Tables

2-1 USFWS Threats to GSG Habitat, Proposed Plan Resource Program Areas Addressing Threats 42
 2-2 Comparative Summary of Potential Allocations for Greater Sage-Grouse Management 43
 2-3 Seasonal Habitat Desired Conditions for Greater Sage-Grouse 53
 2-4 Specific Management Responses 57
 2-5 Summary of Restrictions 86
 2-6 Summary Comparison of Alternatives 106
 2-7 Summary Comparison of Impacts 239

Chapter 3 Tables

3-1 Prevailing Wind Directions and Average Speeds (mph) for Rapid City, South Dakota 373
 3-2 Federal and State Ambient Air Quality Standards 375
 3-3 Air Quality Monitoring Stations In or Near the Planning Area 376
 3-4 Planning Area Criteria Pollutant Emissions By County 379
 3-5 Class I and Potential Sensitive Class II Areas In or Near the Planning Area 380
 3-6 Monthly Climate Summary for Rapid City, South Dakota 383
 3-7 Estimated Annual GHG Emissions 386
 3-8 Soil Characteristics within the Planning Area 396
 3-9 Aquifers Showing Total Recoverable Groundwater in Western South Dakota 399
 3-10 Categories of Drilling Mud Constituents 402
 3-11 Impaired Water Bodies on BLM Land in South Dakota 407
 3-12 Noxious and Invasive Plants Occurring within the Planning Area 415
 3-13 South Dakota Aquatic Invasive Species of Concern 416
 3-14 General Habitat Types on BLM Surface in the Planning Area 419
 3-15 Federally Listed Threatened, Endangered, or Candidate Species that May Occur within the Planning Area 428
 3-16 Special Status Species that May Occur within the Planning Area 439
 3-17 State of South Dakota Rare, Threatened, or Endangered Plants Tracked by the South Dakota Natural Heritage Program (November 2009) 447
 3-18 Summary of BLM-Administered Lands Along Prairie River and Stream Fisheries 449
 3-19 Summary of BLM-Administered Surface Estate Along Black Hills Streams with Fisheries 449
 3-20 Summary of Archaeological Sites on BLM Surface Lands in South Dakota (2008) 451
 3-21 Summary of Archaeological Sites on Split-Estate Lands in South Dakota (2008) 451
 3-22 Summary of BLM Use Categories 463
 3-23 Site Attribute-Based Use Category (Classification Matrix) 463
 3-24 Summary of the Potential Fossil Yield Classification (PFYC) System 470
 3-25 Geologic Formations/Units with PFYC Rank of 3-5, South Dakota Field Office Area 471
 3-26 Comparison of Fire Management Categories 475
 3-27 Fire History by Fire Size Class – Planning Area 1984-2014 476
 3-28 Fire Regime Groups and Descriptions 478
 3-29 Fire Regime Condition Class (FRCC) Characteristics 479
 3-30 Historic Fire Regime and Current Condition Class, Exemption Area (approximately 5,250 acres of BLM land) 479
 3-31 Historic Fire Regime and Current Condition Class, Fort Meade Recreation Area (approximately 6,570 acres of BLM land) 480

3-32	Historic Fire Regime and Current Condition Class, Remainder of Planning Area (approximately 263,758 BLM acres)	481
3-33	VRM and RSC Classes	483
3-34	Geothermal Resources Base for South Dakota	511
3-35	New Locatable Mineral Claims Filed in South Dakota	512
3-36	Total Active Mining Claims Found in South Dakota (BLM, USFS, and Private Surface Estate)	514
3-37	NRI Rivers within the Planning Area with Adjacent BLM Land	521
3-38	Demographic Information for the Planning Area Counties	532
3-39	Demographic Information for Indian Reservations and the Counties Where They are Located in Western South Dakota (2009 and 2010)	538
3-40	Selected Economic and Demographic Statistics	542
3-41	BLM-Administered Lands (SD RMP Planning Area)	542
3-42	Average Annual Authorized Livestock Grazing Use (AUMs) Billing Years 1999-2009	543
3-43	Trip Type Segment Shares for Use in Activity Spending Analysis	547
3-44	Non-Local/Local Spending Averages, All Activities, \$ Per Party Per Trip	547
3-45	Average Annual Payments to Counties from BLM-Related Uses (11-County Area)	548
3-46	BLM Resource-Related Employment and Income by Major Program Area	549

Chapter 4 Tables

4-1	Bentonite RFD Acreages	560
4-2	Oil and Gas Development Potential in the RFD Scenario	563
4-3	Density of Oil and Gas Wells by Development Potential Category in RFD Study Area (all ownerships)	563
4-4	Projected Oil and Gas Drilling Activity in the Planning Area	567
4-5	Potential Surface Disturbance from Oil and Gas Drilling	568
4-6	Wind Classes and Potential	572
4-7	Large Scale Commercial Wind Projects in South Dakota	572
4-8	Summary of Wind Energy Potential Development – Unconstrained	574
4-9	Summary of Wind Energy Potential Development by Alternative	574
4-10	Estimated Maximum Annual Criteria Pollutant Emissions as a Percentage of Existing Emissions ...	576
4-11	Oil and Gas Activity Near-Field Criteria Air Pollutant Concentration Summary for All Alternatives	578
4-12	Health Effects of Modeled HAP	580
4-13	Acute Short-Term HAP Modeling Results for All Alternatives	580
4-14	Chronic Non-Carcinogenic HAP Modeling Results for All Alternatives	581
4-15	Carcinogenic HAP Modeling Results for All Alternatives	581
4-16	BLM Source Emissions under Alternative A (Current Management) (Tons/Year)	586
4-17	BLM Source Emissions under Alternative B (Tons/Year)	587
4-18	BLM Source Emissions under Alternative C (Tons/Year)	587
4-19	BLM Source Emissions under Alternative D (Proposed Action) (Tons/Year)	588
4-20	Cumulative Emissions (tpy)	589
4-21	BLM Source GHG Emissions under Alternative A (Current Management)	595
4-22	BLM Source GHG Emissions under Alternative B	596
4-23	BLM Source GHG Emissions under Alternative C	596
4-24	BLM Source GHG Emissions under Alternative D (Proposed Action)	597
4-25	Short-Term Surface Disturbance on BLM-Administered Surface – 20 Year Period (Acres)	599
4-26	Long-Term Surface Disturbance on BLM-Administered Surface – 20 Year Period (Acres)	599
4-27	At-Risk Soils in the Planning Area (Acres)	600
4-28	Soil Resource Management Actions by Alternative	608
4-29	Water Resource Management Actions by Alternative	609
4-30	Wildlife Management Actions by Alternative	609
4-31	ROW Surface Use Stipulations for the Decision Area by Alternative (Acres)	615
4-32	Cumulative Acres Available or Unavailable for Oil and Gas Leasing	615
4-33	Renewable Energy Surface Use Stipulations for Decision Area BLM-Administered	

Surface by Alternative	616
4-34 Maximum Number of Acres Expected to Receive Long-Term Alteration	623
4-35 Past, Present, and Reasonably Foreseeable Bentonite Mining Permit Acreages in the Planning Area	624
4-36 Riparian Vegetation Protected through Floodplains Stipulation	631
4-37 Fracturing Fluids and Conditions for Use	637
4-38 Fracturing Fluid Chemical Additives	637
4-39 Summary of Cumulative Fluid Mineral Lease Stipulations by Alternative for All RFD Areas	688
4-40 Surface Disturbance on BLM Surface by Alternative	693
4-41 Anticipated Well Density (wells per mi ²) in 20 years on BLM Land by Alternative	695
4-42 BLM Surface and Subsurface Acres for Big Game Winter Range in High and Moderate Development Potential Areas by Alternative	700
4-43 Renewable Energy Surface Disturbance on BLM Surface by Alternative	735
4-44 Management Jurisdiction in MZ I by Acres of Priority and General Habitats	776
4-45 Acres Open and Closed to Fluid Mineral Leasing in GRSG Habitat in MZ I	786
4-46 Acres with NSO and CSU/TL Stipulations in GRSG Habitat in MZ I	786
4-47 Acres Open and Closed to Mineral Material Disposal in GRSG Habitat in MZ I	789
4-48 Acres Open and Recommended for Withdrawal from Mineral Entry in GRSG Habitat in MZ I	790
4-49 Acres Open and Closed to Nonenergy Leasable Mineral Leasing in GRSG Habitat in MZ I	791
4-50 Acres of Rights-of-Way Designations in GRSG Habitat in MZ I	793
4-51 Acres of Existing and Proposed Utility Corridors in GRSG Habitat in MZ I	793
4-52 Acres of Wind Energy Management Designations in GRSG Habitat in MZ I	795
4-53 Acres Available and Unavailable to Livestock Grazing in GRSG Habitat in MZ I	797
4-54 Acres Identified for Retention and Disposal in GRSG Habitat in MZ I	801
4-55 Acres of Travel Management Designations in GRSG Habitat in MZ I	804
4-56 Reasonably Foreseeable Future Actions in Management Zone I Likely to Impact GRSG Habitat ...	809
4-57 VRM Classes by Alternative	841
4-58 Range Improvement Projects (Average Acres Disturbed per Project)	860
4-59 Maximum Number of Acres Expected to Receive Long-Term Alteration	877
4-60 NSO – Fisheries – 1/4 Mile Buffer	914
4-61 NSO – Floodplains	915
4-62 CSU - 30 Percent Slope	916
4-63 NSO – Sharp-tailed Grouse and Greater Prairie-Chicken Lek – 1/4 Mile Buffer	916
4-64 Timing Limitation – Sharp-tailed Grouse Nesting - Two Mile Buffer	916
4-65 Timing Limitation – Big Game Winter Range	916
4-66 NSO – Bald Eagle Nests – 1/2 Mile Buffer	917
4-67 NSO – Special Status Raptor Nests – 1/2 Mile Buffer (does not include raptors that are or were listed as threatened or endangered)	917
4-68 NSO – Greater Sage-Grouse Leks – 1/4 Mile Buffer	917
4-69 Timing Limitation – Greater Sage-Grouse – Winter Range	918
4-70 Timing Limitation – Greater Sage-Grouse Brood Rearing/Nesting Habitat –Two Mile Buffer from Lek	918
4-71 CSU – Sensitive Soils	919
4-72 Timing Limitation – Sharp-tailed Grouse and Greater Prairie-Chicken Nesting; – Two Mile Buffer	919
4-73 NSO – Bighorn Sheep Habitat	919
4-74 NSO – Raptor Nests (raptors that are not T&E, nor special status species); 1/4 Mile Buffer	920
4-75 NSO – Bald Eagle Nests; 1/4 Mile Buffer	920
4-76 NSO – Special Status Raptor Nests – 1/4 Mile Buffer (does not include raptors that are or were listed as threatened or endangered)	920
4-77 NSO – Greater Sage-Grouse Leks Stipulation Outside PHMAs in GHMAs; 1/2 Mile Buffer	920
4-78 Timing Limitation - Greater Sage-Grouse Brood Rearing/Nesting Habitat Outside PHMAs; Three Mile Buffer from Leks	921
4-79 NSO – Greater Sage-Grouse PHMAs in Alternative B (Acres)	921
4-80 Cultural Resources and Traditional Cultural Properties	922
4-81 NSO – Sharp-tailed Grouse and Greater Prairie-Chicken Lek; 1/2 Mile Buffer	923

4-82	Timing Limitation – Sharp-tailed Grouse and Greater Prairie-Chicken Nesting; Three Mile Buffer	923
4-83	NSO – Raptor Nests (raptors that are not special status species); 1/2 Mile Buffer	924
4-84	NSO – Greater Sage-Grouse Leks in GHMAs; One Mile Buffer in Alternative C	924
4-85	Timing Limitation – Greater Sage-Grouse Brood Rearing/Nesting Habitat Outside PHMAs in GHMAs; Four Mile Buffer from Leks	924
4-86	Closed (No Lease) – Greater Sage-Grouse PHMAs in Alternative C	925
4-87	NSO - Surface occupancy and use is prohibited on badlands and rock outcrop.....	927
4-88	NSO – Greater Sage-Grouse Leks in GHMAs; 6/10 Mile Buffer in Alternative D	928
4-89	CSU – Greater Sage-Grouse Brood Rearing/Nesting Habitat in GHMAs; Two Mile Buffer from Leks	928
4-90	NSO – Greater Sage-Grouse PHMAs in Alternative D	928
4-91	Cumulative Acres of Federal Mineral Estate Available or Unavailable for Oil and Gas Leasing	930
4-92	Renewable Energy Rights-of-Way, BLM-Administered Surface Acres in Western South Dakota by Wind Potential Class	944
4-93	Renewable Energy Rights-of-Way, Open, Avoidance, and Exclusion Areas on BLM-Administered Surface by Alternative	945
4-94	Average Annual Federal Mineral Production and Activity by Alternative	972
4-95	Employment by Resource Use and Other Contribution to Local Economy by Alternative (Average Annual)	976
4-96	Income by Resource Use and Other Contribution to Local Economy by Alternative (Average Annual, \$1,000)	976
4-97	Federal, State, and Local Revenues by Alternative (\$1000)	977
4-98	Comparison of Estimated Average Annual Economic Contributions from BLM Land and Mineral Uses	977

Chapter 5 Tables

5-1	South Dakota RMP Public Scoping Meetings	990
5-2	Meetings with Tribal Governments/Officials on the South Dakota RMP	991
5-3	Federally Listed Threatened and Endangered Species or Candidate Species that May Occur within the South Dakota Planning Area	992
5-4	Overview of Comments by Category	994
5-5	Meetings with Tribal Governments/Officials about the South Dakota RMP	998
5-6	Federally Listed Threatened and Endangered Species or Candidate Species that May Occur within the South Dakota Planning Area Includes Proposed, Threatened or Endangered Species	999
